Description

An absolutely stunning antique French serpentine console side table. This was made in France, it dates from around the 1930's. It is of exceptional quality and is a very useful size. This has a serpentine shaped front edge, with extremely high quality ormolu mounts all over. This is made from a mixture of walnut and mahogany, with satin wood inlays around the top border. We have recently had this re-polished, the condition is excellent for its age. We also have a near identical second table to make a pair if required, the only difference being the other has inlays on the front edge behind the ormolu. Otherwise they are identical in shape, size and with identical ormolu mounts. Width - 40 inches , 102 cm Depth - 19 inches , 49 cm Height - 31 inches , 79 cm
