

SA1017083

1920s Buren stem winding pocket watch

Price

Sold**Item Reference: SA1017083****Date of manufacture: 1920**

Description

1920s Buren stem winding pocket watch. The watch has a nice quality signed Swiss 15 jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Co. It has a small bruise to the side and general light surface marking but nothing too serious at all. The glass lens has minor marking but again, nothing too detrimental. The white enamel dial is in nice condition and has blued steel Breguet style hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
