Description

A nice small bank of tabletop drawers dating from the early 20th Century which would suit use as a collectors cabinet or a filing cabinet. It is made of oak and has 6 drawers, each with their original metal handles. The top 3 drawers are divided in half internally and the bottom 3 are plain. It is in good condition and the drawers are clean and tidy. There are some signs of age and use, some small knocks and scuffs and signs of use picked up over the years but nothing detrimental and it displays very well. There are a couple of historic worm holes which have been treated as a precaution and haven't affected it structurally or aesthetically. The best description comes from the photographs so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £20
