Description

Superb, highest quality, set of 12 early 20th century cut crystal water or lemonade tumblers. This large set of glasses dates from around 1910 - 1920 and are of superb quality. Very deeply cut in a pleasing design. Multi faceted star cut bases. It is hard to find large sets of glasses like this now in this condition. All are perfect with no chips. This set of glasses is part of a much larger suite of 70 glasses, all matching that we found packed away in boxes in the attic of a house we recently cleared. The glasses were all rather dirty having been stored in the house attic for a large number of years. Once all washed it became apparent they have hardly been used at all. Please phone if you would like a price for the whole suite. SIZE; 2 1/2" diameter by 4" tall CIRCA; 1910 - 1920
