Description

A beautiful solid silver Indian or Ceylon box. It is unmarked but tests as high grade silver. I would date it to c1900. It has been beautifully hand made being embossed and chased with scrolls and flowers. It is in superb condition being free from dings splits holes and repairs. It measures approx. 3.5 inches (9cm) across by 2.5 inches (6cm) wide by 2.75 inches (7.3cm) tall and weighs 192 grams. A superbly designed beautiful example.
