Description

Fabulous Georgian country house corner cabinet made from solid mahogany. The cabinet separates into two parts for easier transport and has 2 working keys. Its top section has a wonderful moulded cornice with carved frieze and 2 panelled doors flanked by fluted pilasters. Inside is an unusual curved back with beautifully shape fixed shelves. The two panelled doors in the base sit below a little brush slide with brass handle, behind these is another fixed shelf with flat back. This handsome cupboard is a gorgeous rich colour with amazing graining and offers lots of storage space. Like all antiques there are some imperfections (shown in pictures) however these only add to its character and charm. This is the perfect addition to any corner.
