Description

A period walnut dresser base with herringbone cross banding. Needing some restoration work, bits of veneer, the legs had been loose at some time and been screwed on, my cabinet maker has had to retire through ill health meaning I have to sell as is. This is a good trade item for the period dealer with the way with all to restore. It is 5 feet 6 inches wide, 33 inches tall, 18 inches deep. I have loaded a lot of pictures for you to study. Very rare to find a walnut dresser of the early 18th century could be late 17th. Ring me Maurice on 07966102404 my direct line if you have any questions.
