Description

Vintage Oak & Black Carved Coffee Table A very unique coffee table or hallway stool We bring to you this very unique vintage coffee table/hallway stool bench which we have fully restored and re-worked in a more contemporary modern theme. We have added ebonised black accents which frame the lovely carved top complemented by its lovely bobbin turned legs and base which are half black. The table has been fully stripped and re-polished finished with a hard durable satin lacquer throughout. This table was made around the late 1930's-50's as discovered by the utility markings on the underside. The table is constructed with very similar quality to the well known Ercol, which the table could well be made by. The table is in fantastic restored condition with no loose joints or breaks and has been fully checked over in our workshop. Dimensions Height: 425mm Width: 280 mm Length: 765mm
