1943 Omega pocket watch and chain

Price

Sold**Item Reference: SA1019331****Date of manufacture: 1940**

Description

1943 Omega pocket watch and chain. The watch has a 15-jewel 43 T1 stem-winding movement which is working nicely. The movement is signed with the Omega name, and it has the serial number 9962789 which dates it back to 1943. The watch measures 57mm diameter excluding the winding stem and the loop. The case is nickel and it is in good condition, just surface marking to the back but nothing too detrimental at all. The inside of the case back has the Omega logo. The thick glass lens has some marking and small nibbles around the edge but acceptable for a 1940s piece. The signed dial is in beautiful condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes with a single chain, 36cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
