Description

UK POSTAGE ONLY Gents 1950s Tudor wrist watch. The watch has a 17 jewel calibre 59 SC hand-winding movement which is working nicely. The movement is signed with the Tudor name. The watch is a good size at 34mm diameter excluding the winding crown and the lugs. The case is stainless steel and is in good condition with just general light surface marks, nothing too serious at all. The inside of the case back has the Tudor logo. The lens has very minor marking, all very acceptable. The signed dial is in its original finish with original hands and red centre seconds sweep. A new leather strap has been fitted. The watch comes in a new presentation box.
