

SA1019908

1940s Cyma military pocket watch

Price

Sold**Item Reference: SA1019908****Date of manufacture: 1940**

Description

1940s Cyma military pocket watch. The watch has a 15-jewel stem-winding movement, signed Cyma, which is working nicely. The watch measures 52mm diameter excluding the winding stem and the loop. The case was originally plated although the finish has worn off the bezel and it is down to the brass. There is also some unevenness to the back of the watch. The back of the watch has the military arrow, or pheon and the GSTP lettering (General Service Time Piece). The glass lens has light marking but is very acceptable. The signed dial is in good condition. Originally the dial would have had radium paint on the numbers but this has been removed over the years. The watch comes on a vintage leather strap. The watch comes in a new presentation box.
