Description

Gents 1960s Zenith wrist watch. The watch has a signed 17 jewel hand-winding movement, calibre 2542, which is working nicely. This calibre of movement was in production from 1965 until 1969. The watch measures 34mm diameter excluding the winding crown and the lugs. The stainless steel case is in good condition with just general light surface marks, nothing serious at all. The inside of the case back is signed Zenith. Plain winding crown. The lens is in good condition (some reflection showing in the photos). The signed dial is in its original finish with original hands and centre seconds hand. A new leather strap has been fitted. The watch comes in a new presentation box.
