Description

Antique 1920s Swiss pocket watch. The watch has a good quality 15 jewel Swiss hand-winding movement which is working well. The movement is protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is gold filled and is the J Boss model made by the Keystone Watch Case Company. The case has a couple of small indentations to the back of the watch but overall it is in nice condition for a 1920s piece. The glass lens is in nice condition. The white enamel dial has a very faint hairline cracks although not overly noticeable to the naked eye. The watch comes in a new presentation box.
