Description

A charming and very unusual antique lighthouse table lamp. This was made in England, it dates from around the 1920's. This beautifully fashioned to look like a lighthouse, with a spherical glass shade and a column made to look like white bricks, with red windows. This sits on an oak base with steps carved in, and it even has the sea painted in blue at the very bottom. This is really well made and is in lovely condition, with only some extremely minor wear here and there. We have had this re-wired, it is in good working order. Width – 6 inches , 15 cm Depth – 6 inches , 15 cm Height – 22 inches , 56 cm
