

SA1021627

1940s Arsa wrist watch

Price

Sold**Item Reference: SA1021627****Date of manufacture: 1940**

Description

1940s Arsa wrist watch. The watch has a Swiss hand-winding movement which is working nicely. The watch measures 22mm wide excluding the winding crown and 30mm high excluding the lugs. The case is gold plated and it is in good condition, just light marking to the back. The convex lens is in good condition (because of the curved lens and black dial, and because we like to photograph in natural light, there is a lot of reflection showing in the photos). The dial is signed Arsa (named after the founder of the company, Auguste Reymond SA). It is in its original finish with original hands (the infill has come out of the hands over the years), a subsidiary seconds dial and outer minute track. The watch has a vintage leather strap. The watch comes in a new presentation box.
