Description

Mid-size 1948 Bulova Senator wrist watch. The watch has a calibre 8AH 17-jewel hand-winding movement which is working nicely. The movement is fully signed and has the date code for 1948. The watch is classed as mid-size at 22mm wide excluding the winding crown and 27.5mm high excluding the lugs. The case is 10kt rolled gold while the case back is stainless steel. The case is in very nice condition. The curved lens has a couple of minor marks but not detrimental at all. The signed dial is in its original finish with original hands, a subsidiary seconds dial and outer minute markers. There is some marking around the edge, and light freckling which is not too noticeable. A new leather strap has been fitted. The watch comes in a new presentation box.
