Description

Really lovely mid 19th century leather top stool on a mahogany frame. The original leather has aged beautifully and has a lovely feel to it, cleaned and buffed with a leather cream so it has a mellow glow. For a small stool, this is certainly useable and comfortable for a dressing table or writing table for example, but also as an extra seat when you need more seating in a living room. Good solid stool and in good condition. Measuring: 19 1/4 inches or 49 cm high 15 3/4 inches or 40 cm wide 11 1/2 inches or 29 cm deep
