**Date of manufacture: 19th Century**

### Dimensions

Height = 32 cm (12.6")

Width = 17 cm (6.7")

Depth = 17 cm (6.7")

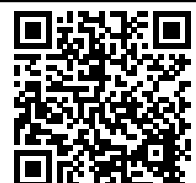

## Description

This is a superb very large Japanese Akasuke Ginbari cloisonné vase dating from the early 20th century. Ginbari is a unique Japanese cloisonne where textured silver foil is wrapped around the metal body (normally brass) and wire silver closions before the transparent enamel is applied. The term 'Akasuke' refers to a special pigeon blood coloured red. The design on this fine Akasuke Ginbari Vase is of beautiful bamboo set against a wonderfully stippled and textured background. This vase is a perfect example with a sharp, crisp and clear colour to the deep red glass enamelling. This vase whilst unmarked is of the quality of the workshops of Kumeno Teitaro in Nagoya from 1863 to 1939 and is one of two Akasuke Ginbari Vases we currently have listed. This piece has silver rims and a turquoise enamel base. The other vase that came from the same source as this one bears the struck cloisonne mark to the base. (Please see our other listings.) This is a fine example indeed and measures 32 cms high by 17 cms in diameter. UK insured packing and delivery is £20
