Description

A rare example of a Mauro Maetti designed ice bucket in the form of an apple, one of the scarcer models and in almost pristine condition. It is lucky enough to retain it's original label "Fonderia d'Arte / Firenze / di Mauro Manetti / Made In Italy". This silver plated apple retains the original metal interior to both the base and lid; the piece looks to be unused and is about as good as they come in superb condition measuring 6 1/4" in diameter x 7 1/2" tall to top of lid.
