

SA1023880

Antique Omega pocket watch, 1912

Price

Sold**Item Reference: SA1023880****Date of manufacture: 1910**

Description

Antique Omega pocket watch, 1912. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name, and it has the serial number 4,104,001 which dates it back to 1912. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold filled Moon model from the Dennison Watch Case Company, a Birmingham case manufacturer and supplier to various manufacturers. The front and sides of the case are in good condition, the back of the watch has some unevenness. The acrylic lens is in lovely condition. The dial has a hairline crack starting next to number 12, about 2cm long but it is fairly faint. The watch comes in a new presentation box.
