Description

A pretty set of six silver dress buttons in their original velvet and silk lined fitted leather case, each depicting a classical maiden in profile holding a flower. The edge is framed with a flowering vine that appears very mistletoe-esque in places. London sterling import marks for 1905 and further marked with the initials RF for the importing agent Robert Friederich. They measure 2.5cm (1") wide and weigh in total 31g / 1.0 troy ounce. In excellent condition, one has had a minor repair to the loop at the back, otherwise no issues and minimal handling. The case is fine inside, minor marks outside, the clasp works well but there is slight gapping at either end.
