Description

Antique gun metal Omega pocket watch, 1912. The watch has a Swiss stem-winding movement which is working nicely. The movement is signed Omega and it has the Omega serial number 4,197,304 which dates it back to 1912. The movement is protected by an inner cover which has a few very short scratches where it has been opened in the past. The watch measures 47mm diameter excluding the winding stem and the loop. The case is gun metal and it is in good condition. The inside of the case back has the early Omega logo. The acrylic lens is in lovely condition. The signed dial is in nice condition with blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
