Description

A smart and very useful antique Victorian mahogany bench. This was made in England, it was likely reconstructed at some point from old mahogany from Victorian furniture. It is a great size, very long and slim, perfect for an entry way or even as a long dining bench. It sits on nicely turned mahogany legs, with cylindrical bolsters at either end of the seat. We have had this recently re-polished, it is in very good condition for its age, with some minor marks here and there remaining beneath the polish. Width – 61 inches , 155 cm Depth – 12 inches , 31 cm Height – 20 inches , 50 cm
