Description

A superb rare Georgian Scottish solid silver and horn snuff box. It is unmarked but tests as high grade silver. I would date it to c1800. It has been beautifully designed being made from horn with the rim and lid being solid silver with the lid being set with polished agate. It is in super condition being free from dings splits chips cracks holes and repairs, the inside is clean and the lid closes tightly. It measures approx. 2.5 inches (6.3cm) tall by 1.75 inches (4.5cm) across the lid and weighs 76 grams. A very high quality example.
