Item Reference: SA1025655

Date of manufacture: 1900

Description

A beautiful early 20th century amethyst pendant set in white gold with an old cut diamond and four smaller rose cuts with the early 20th century Austrian finesse mark for 18ct gold. The diamond weight is approximately 0.2cts and the deep purple amethyst is set to look like a ripened fruit. It does not come with a chain but I have some in stock and can assist with this if wanted.
