Antique silver Omega full hunter fob watch

Price

Sold**Item Reference: SA1025682****Date of manufacture: 1930**

Description

Antique silver Omega full hunter fob watch. The watch has a stem-winding movement which is working nicely. The movement is signed Omega and it is all protected by an inner hinged cover which is also signed. The watch measures 40mm diameter excluding the winding stem and the loop. The case is silver and there are Continental hallmarks inside the three covers. The front and back are nicely decorated with engine turned detail. There is a small bruise to the side but not too detrimental. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in lovely condition. The signed dial looks good to the naked eye. If viewed through a jeweller's loupe, there is a small patch of faint short hairlines on number 3. The watch comes in a new presentation box.
