Description

Vintage Canvas & Bentwood Steamer Trunk . *Suitcase stand not included but may be available upon request* A charming antique steamer trunk. We bring to you an excellent original condition early vintage to antique C1910 - 1920's steamer travel trunk. This Lovely trunk is made from canvas with metal edgings and braced with bent wood ribbing. This trunk is completely original and shows signs of usage and obviously been all over the country as shown by the stickers it has accumulated which we feel adds lots of charm and character. We have just cleaned and waxed this trunk to give it a lustrous natural sheen and preserve the coated canvas and protect the item for many more years to come. This trunk features the original brown canvas covering, some very old travel labels which we have left as part of its history, original internal paper lining with makers badge and its original brown leather handles. Unusually this trunk also has a lift out removable tray complete with leather pulls. This lovely original condition suitcase is also complete with lock latches however, they do not operate and 1 is broken, the centre clasp does operate well however. This chest is ideal to be use...
