Description

A rare antique solid sterling silver cigarette case. It is marked with two Fluer De Leys and tests as high grade silver and I would date it to c1920-1940. I do not know where it was made, it looks Italian or possible Czech. It has been superbly designed and is in super condition being free from dings splits chips cracks holes and repairs, the inside is clean and the lid closes securely. It flips open automatically as it should when the lid is pulled back. It measures approx. 3.25 inches (8.2cm) tall by almost 3 inches (7.2cm) wide and weighs 94 grams. A very well made rare piece.
