Description

This splendid exotic bird is a vibrant and eyecatching sculpture which has cleverly been made from several different coloured stones including lapis lazuli, rose quartz and coloured marbles. They have been cut, joined and carved to form this beautiful bird. It stands on delicately cast gilt bronze legs which are mounted and fixed onto a rectangular shaped piece of rock crystal forming the base. The eyes are hand blown in orange and black glass and finish this bright little creature perfectly. Italian circa 1930 Height 11cm x width 8cm x depth 4cm
