Description

This light oak adjustable bookcase in the manner of Heals is in good original condition. The appealing surface finish and colour do not appear to have been altered since the date of manufacture - this is why we have refrained from removing the two very faint ring marks that are only 'just' visible on the top. The quality of construction and materials are to be commended and the whole feel of the bookcase is one of refined simplicity. The shelves are adjustable, and deep enough (24 cm) to display a wide range of books. and objects.
