Description

Antique Stauffer & Co silver pocket watch. The watch has a good quality stem-winding movement which is working nicely. The movement has screw-set jewels, a Breguet hairspring and a snail cam regulator. It is signed with the mark for Stauffer. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the case backs for Birmingham 1921, together with a sponsor's mark for William Ehrhardt which suggests the movement and case are not original to each other but they are of a similar age. The case has a small knock to the side and a little unevenness to the back. The acrylic lens is in good condition. The dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
