Description

This is utterly delightful. The diamonds are bright and the pendant is basically comprised of three sections. White gold Yellow gold Central free hanging pendant. The diamonds total approx 1ct in weight and are utterly stunning. The movement of the inner pendant and weight of the outer pendant ensure not only the overall balanced view but also the maximum impact of the light. The chain is approx 23inches in length This is a truly special piece of jewellery that you can enjoy day and night.
