Description

This is such a sweet little piece. It has 3 tiers with the central tier housing a drawer. The top has a pretty gallery which is an unusual and attractive feature. It is completely original but a solid top has been made for it out of period wood that means it is suitable for use as a bedside table with a lamp. The later top just drops in and will not slide off because it is held in place by the front uprights (see photos) A delightful untouched piece in excellent condition. The height to the table top is 79cm The height to the top of the gallery is 84cm
