Description

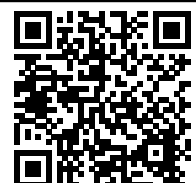

A very smart antique French Champagne bucket or wine cooler by the top-notch and highly collectable silversmith, Emile Puiforcat. Just back from our silversmith's workshop, it has been professionally cleaned and polished, restoring it to its former glory (normal interior and underside wear commensurate with age and usage). The simple form has two wonderfully decorative handles. The underside is fully marked "Puiforcat - France". Excellent condition the handles spanning 9" x 7 1/2" x 7 1/4" tall. Dating to c.1910. PUIFORCAT Founded in 1820 by Emile Puiforcat, the Parisian family workshop has passed down its renowned silverwork mastery from one generation to the next. It was the visionary leadership and artistic talent of Jean E. Puiforcat, the fourth generation in the workshop, that truly brought the world's attention to Puiforcat; his design legacy was a significant contribution to the studio, and in turn a major contribution to the international Art De'co movement of his time. The firm became part of the Hermès group in 1993. Item: 43318 FREE Worldwide Registered Airmail Directly From the UK. Immersed in the artistic changes of Europe between the two World Wars,...
