Description

Gents 1960s Rotary wrist watch. The watch has a 17-jewel Swiss hand-winding movement which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in very nice condition, just minor light surface marks, nothing too serious at all. The lens is in lovely condition (some reflection showing in the photos). The signed dial is in its original finish with original hands, and centre seconds sweep. A new leather strap has been fitted. The watch comes in a new presentation box.
