Description

A stylish early 20th century cast brass light with a glass shade. The base and arm have a pretty art nouveau style leaf and berry design and the angle of the arm is adjustable. It was originally made as a wall lamp and could be used as such again but it has more recently been wired for use as a table lamp. The lamp has been re-wired and PAT Tested and is in good working order. It takes a standard bayonet bulb (bulb not included with lamp). It is in good condition for its age. There are signs of age and use and some surface marks here and there and a few small nibbles around the rim of the shade but overall it displays very well. It has been lightly cleaned and is ready for use. Approximate Measurements : Height : 9" / 23cm Base Width : 4" / 10cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
