## Description

A beautiful antique Regency Style period yew wood cabinet. This was made in England, it dates from around the 1920's period. The quality is outstanding, this is very well made and is also a very useful size. The two panelled doors contain a cabinet with a single shelf. The drawer at the top has a grooved front, with high quality brass ring pull handles and fine, hand cut dovetail joints. The top corners are beautifully carved and the front edges are fluted, running all the way down to the fluted legs. We have had this recently re-polished, the condition is excellent for its age. There is some minor wear here and there remaining beneath the polish, overall this has a gorgeous patina. Width – 36 inches , 92 cm Depth – 16 inches , 41 cm Height – 33 inches , 84 cm
