## Description

A stunning C19th large bronze grand tour sculpture of Venus de Milo, having a rich dark brown patina with fine casting. The Ancient Greek statue probably one of the most famous, from between 130 and 100 BC is the Greek goddess of love and beauty. The original sculpture in marble is displayed in the Louvre museum Paris. Named because of where it was found on the Greek island of Milos. Excellent condition 66cm height 18cm width Free postage to UK and overseas postage quote can be provided upon receipt Full refund if not entirely satisfied
