Description

Set of 6 period mahogany Hepplewhite dining chairs with finely carved detail all in excellent used antique condition all joints are solid. The chairs retain original polished and waxed finish. I have carried out light repairs including securing the loose arms. Cleaned and waxed to warm glow finish. The seats need recovering the leather has perished. Images of the seat frames show historic repairs mainly additional bracing adding strength to the chairs. Historic dead wood worm to seat frames images shows this clearly not uncommon on chairs of this age. Armchairs H92cm W58cm D52cm seat height 46cm. Single chairs H92cm W54cm D50cm seat height 46cm. Once covered will make a very useable Hepplewhite late 18th century set of chairs. The chairs will be given a final waxing before delivery making sure they arrive to you at their best. If you have any questions, please don't hesitate to contact me Stephen 07525494275. £1085 including UK delivery mainland only.
