Description

This is an antique library magnifier. An English, bronze lepidopterists or specimen magnifying glass, dating to the early Victorian period, circa 1850. Of impressive size and substantial in the hand, ideal for the desktop. Displaying a desirable aged patina and in good order. Lightly aged brass casing with golden tones. Quality, thick glass free of marks or damage. Dioptic adjustment achieved by raising the glass within the outer frame. This is a delightful antique library magnifier, with a wonderful tactile feel and useful magnification. Ideal for the lepidopterist or reader. Delivered ready to use.
