Description

This charming late 19th-century Danish oil painting depicts a picturesque rural view with a farm, wandering shepherd and trees. Akin to a classical vision of pastoral bliss, this majestic landscape celebrates the sublimity of the natural world. Inspired by the Danish Golden Age painters, such as the eminent P. C. Skovgaard (1817-1875), the artist is seeking to capture a beautified vignette of their homeland. It's finely rendered, with the trees a particular success. And if you look closely, you'll see numerous figures working the land. Held within a gilt frame. Medium: Oil on canvas Overall size: 23½" x 19" / 60cm x 49cm Year of creation: c. 1880 Provenance: Private collection, Denmark. Condition: Artwork presents well. Fine craquelure but the paint is stable. Frame with some light wear.
