Description

A lovely antique silver plated bottle holder. It has been marked with the makers mark of William Hutton & Son. I would date it to c1880-1900. It was made to hold the round bottom Hamilton bottles on the dining table. It is in super condition being free from dings splits and repairs, no wear. It measures approx. 4.25 inches (11cm) tall by 3.25 inches (8.5cm) across the top and the same across the bottom, it weighs 116 grams. A very nice quality example.
