Heavy solid 9ct gold Omega Seamaster Automatic c1963

Price

Sold**Item Reference: SA1032598****Date of manufacture: 1960**

Description

This is a fabulous example of a vintage mens watch made by the premium Swiss make Omega. This is the heavy solid 9ct gold Seamaster with original unrestored dial from 1963 with the twenty four jewel calibre 552 movement one of Omegas most reliable automatics. The original and untouched starburst dial is in near mint condition, it has never been restored, it is finished with gold faceted baguette hour markers with black onyx inserts which really does make this watch stand out. The Omega symbol is on the crown, it has an Omega buckle and it is fully marked Omega on the dial, movement and case as you would expect. The heavy 9ct gold case has been ultrasonically cleaned and polished so it is absolutely pristine. The case was made for Omega by the British company Dennisons who made most of the solid 9ct gold cases used by Omega. Dennison cases tend to be around 25% heavier than the standard Omega watch cases. The watch case measures 34.5mm in diameter not including the crown. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. Overall this watch is in outstanding condition and highl...
