Dimensions

Height = 40 cm (15.7")

Width = 16.5 cm (6.5")

Depth = 15 cm (5.9")

Description

Mathias Bauerle (St George's - Black Forest Germany) started his small home opera enterprise in 1863. In 1880 he changed to large scale assembly of clock movements. In 1922 he registered the PEERLESS trademark both in Germany and in Paris France. The movement is effectively the same as ones I have seen with by WH Sch WINTERHALDER & HOFMEIER one of Germany's top quality early 20th century clock makers. This is a fine quality quarter chiming brass lantern clock ringing on two bells (ting tang). Including the finial 15.75in or 40cm High Dial Chapter Ring/ Width 6.5in or 16.5cm Depth 6in or 25cm The 8 day movement has been checked and tested to be in good and full working order. Please message Robert or contact him on 07899 058752 to discuss, arrange viewing/collection or consider shipping options. For the latter, please supply your postcode.
