Description

A pretty pair of toleware wall lights dating from the early to mid 20th Century. They have metal arms stylised as branches with gilt leaves and ceramic flowers. They have a central sconce with drip effect candle and bulb holder. They are in good condition for their age and display well. There are some minor signs of age and use and small losses to the paint and some very minor chips to the ceramic flowers but no major damages or anything detrimental. The wiring has been checked and they take a standard small screw bulb. It is ready to install but we would always recommend that lights are checked and installed by a professional electrician. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £15
