Description

Superb little walnut stool from the fabulous Victorian era. The oblong shaped seat is upholstered with a very clean pretty pale blue floral fabric with a dragon in the centre. This sits on a shaped carved frieze raised on four carved legs united by an attractive cross stretcher. This is a solid little stool with amazing colouring and patina that can only be obtained through years of love and polish. This is a very attractive piece of history to have at home.

Internal Ref: SAI3201
