Description

A most gorgeous and distinctive carriage clock that will always stand out from its peers. The highly polished brass case is in wonderfully clean condition. It has a gilded filigree frieze to both the front and sides at both the top and base of the case and fluted pillars to the corners. The masked, silvered dial has a white enamelled chapter ring with black Arabic numerals, silvered centre and finely cut black hands. It is in pristine condition. Bevelled glass throughout, all in perfect condition. The 8 day, timepiece movement has just been fully overhauled by our BHI registered horologist and carries our usual 12mths guarantee. Complete in its original carrying case and with original winding key. Please note that this clock is much brighter in real life than our pictures show. This applies to all of our listed stock because although we are very good at clocks, we are very bad at photography. Height with handle up: 14cm. Handle down: 12cm A supreme example of these ever popular clocks. All cards accepted.
