Description

An absolutely stunning & very smart antique Victorian desk in Maple wood. This was made in England, it dates from the 1860-1880's. It is of amazing quality and is of lovely proportions. The Maple wood has a beautiful colour tone and wonderful grain patterns. There are high quality original brass handles and escutcheons, this has an inset black leather top. The back is nicely finished so this can be used as a free standing item, and this rolls smoothly on casters. We have just had this re-polished, the condition is excellent for its age.
