Description

A stunning very impressive rare solid silver Roman replica serving spoon. It is hallmarked with the 800 standard mark and I would date it to c1920 most likely made in Rome as an early souvenir piece. It has been superbly designed being a replica of a Roman spoon. It is in super condition being free from dings splits and repairs. It measures approx. 8.5 inches (22cm) long by over 2 inches (5.2cm) wide and weighs 112 grams. A superbly made very high quality interesting piece.
