Description

A beautiful Victorian Scottish silver, agate and semi-precious stone brooch, made around 1880, probably in Edinburgh. It is unmarked and in excellent condition. It has a very large facet cut amethyst in the top and three very slightly smaller citrines of varying colours. There are six assorted moss agates of similar sizes. Probably the best silver style of this brooch I have had and it shines and sparkles with the quality cut stones. A fantastic gift or one for the collection. WEIGHT; 43 grams or 1.4 ozst approx. Free delivery in the UK. Payment by bank transfer, over the phone, PayPal or cleared cheque.
